Apurv Gaurav and Kirk Sigmon Named 2019 Managing IP Rising Stars

Banner Witcoff attorneys Apurv Gaurav and Kirk Sigmon have been recognized in the 2019 edition of Managing Intellectual Property Rising Stars.

The guide features up-and-coming IP practitioners from more than 20 jurisdictions who contribute to the success of their firms and clients. Apurv and Kirk — who are both based in Banner Witcoff's Washington, D.C., office — are two of only about 100 attorneys across the nation named to the United States (National) list.

The Rising Stars list is based on information Managing IP collected during its research for the 2019 edition of IP STARS, an annual guide to leading IP firms and senior IP practitioners worldwide. Several Banner Witcoff attorneys were recognized in the 2019 edition of IP STARS.
