Banner Witcoff Sponsors Arizona Technology Council 2025 Aerospace, Aviation, Defense, and Manufacturing Conference

Banner Witcoff is pleased to be a sponsor of the Arizona Technology Council's 2025 Aerospace, Aviation, Defense and Manufacturing Conference on Friday, July 11 in Tucson Arizona.

The conference will feature discussions on the aerospace ecosystem and manufacturing innovations and explore cutting-edge intersections with thought leaders on the latest industry trends, challenges, and forecasts.

According to its website, the council advocates for a technology-based, pro-growth and business-focused agenda at the federal, state, and local levels. The council aims to support legislative action that supports creating an equitable statewide STEM ecosystem, advancing clean energy initiatives, funding education and a variety of other pressing issues critical to Arizona's economic growth and development.
