Binal Patel Named Among Chicago's Notable Minorities in Accounting, Consulting & Law

Banner Witcoff attorney Binal Patel has been named to Crain's 2019 Notable Minorities in Accounting, Consulting & Law list.

The list features 56 professionals in the fields of accounting, consulting and law who “have done their part to promote diversity and inclusion at their firms,” according to Crain’s Chicago Business, which published profiles about the honorees in a special section.

Binal’s profile notes his role in founding the North Shore Corporate IP Roundtable program, which is sponsored by Banner Witcoff and provides educational and networking opportunities for corporate IP attorneys. It also highlights Binal’s leadership in co-founding the Indian-American Bar Association of Chicago and the North American South Asian Bar Association.

Earlier this year, Crain’s named Binal to its 2019 Notable Gen X Leaders in Law list. He also received the 2019 Law Firm Partner Diversity Leadership Award from the Asian American Bar Association of Greater.
