

## **Bradley J. Van Pelt and Alisa S. Abbott write article on recent case law related to design patent applications for Law360**

Bradley J. Van Pelt and Alisa S. Abbott examine two recent cases that have provided clarity on the consequences related to filing multiple embodiments in a design application, and the consequences related to filing only a single view in a design application for Law360.

Click [here](#) to read the article, "Clarifying Multi-Embodiment And Single-View Design Filings."
