Chris Glembocki Tapped to Join World Intellectual Property Organization's Text Processing Task Force

Banner Witcoff's Chris Glembocki has joined the World Intellectual Property Organization's (WIPO) Text Processing Task Force.

The Task Force will advise the International Bureau of the WIPO on how to update filing, processing and publication requirements to facilitate a more effective, attractive and widespread filing and processing of international application in full text format throughout the international phase.

You can learn more about the WIPO's Text Processing Task Force by clicking here.
