Darrell G. Mottley moderates “Demystifying IoT Technology: Beyond the Buzzwords” panel at the ABA IoT National Institute in Washington, D.C.

May 9, 2018

Darrell G. Mottley moderates the “Demystifying IoT Technology: Beyond the Buzzwords” panel at the American Bar Association Third Internet of Things National Institute, May 9-10, in Washington, D.C.

Beyond what Internet of Things means, this panel will discuss new and emerging IoT technologies, how they revolutionize the public and private marketplaces, and what legal, regulatory, and technical challenges we face today and tomorrow.
