

Intellectual Property Strategies for Quantum Tech

Shareholder Michael Cuvillo will present at Quantum Tech 2025 in Washington, DC, on Tuesday, April 15. Michael will present “Intellectual Property Strategies for Quantum Tech” during the lunch and learn program.

The firm is proud to be a sponsor of Quantum Tech 2025. Since its inception in 2019, the conference has explored the commercial potential of quantum technologies across the entire eco-system; from cryptography to communications, sensing to metrology, platforms, and processing.
