

## **John P. Iwanicki names Ariosa Diagnostics Inc. v. Sequenom Inc. as a case to watch in 2016 in Law360**

Mr. Iwanicki discusses the significance of Ariosa Diagnostics Inc. v. Sequenom Inc. in the Law360 article, "Patent Cases to Watch in 2016."

In this case, a Federal Circuit panel invalidated a patent on Sequenom's prenatal DNA test as patent-ineligible because it is directed to a natural phenomenon. The full Federal Circuit decided not to review the case. It is now expected to be appealed to the Supreme Court.
