

Kirk Sigmon Presents at the Annual Temple Spine Symposium

On Saturday, February 8, Shareholder Kirk Sigmon will present at the Annual Temple Spine Symposium at Katz School of Medicine at Temple University. Kirk's presentation will focus on intellectual property protection for medical innovations, including spine surgery innovations.

The Annual Temple Spine Symposium comprises a grand rounds-style event featuring leading experts on topics such as robotics in spine surgery, patient-specific implants, tethering techniques, spinal cord injury research, and more. You can learn more about this event by [clicking here](#).
