Kirk Sigmon to Speak at Chulalongkorn University Bootcamp

July 30, 2020

Banner Witcoff attorney Kirk Sigmon will discuss patenting artificial intelligence IP at the Chulalongkorn University Technology Center's upcoming Deep Tech Incubation Program.

Designed to provide academic entrepreneurs with the fundamentals of startups, the four-day bootcamp will take place on the Chulalongkorn University campus. Kirk will connect virtually for his July 30 presentation.

During his presentation, Kirk will give attendees an overview of the IP landscape related to artificial intelligence and machine learning, will discuss patenting and licensing considerations for artificial intelligence and machine learning patents, and will discuss relevant case studies.
