Mercedes Meyer Recognized by LMG Life Sciences Awards

Banner Witcoff's Mercedes Meyer has been recognized in the 2022 LMG Life Sciences Awards shortlists for patent strategy. Mercedes advises on developing patent strategies, managing intellectual property rights, and making associated investments and acquisitions.

The Life Sciences Awards, now in its 10th year, aims to highlight the best in practice in the industry by surveying the life sciences sector. The annual awards event will be held in person in New York City on September 8. To learn more about the awards, please click here.
