Mercedes Meyer Speaks at the 2nd Annual Increasing Diversity in Innovation Conference

Shareholder Mercedes Meyer will speak at the 2nd annual Increasing Diversity in Innovation Conference at the USPTO on August 1st from 8:30am-5pm EDT.

Hosted by the USIPA, IDII, and USPTO, the conference will focus on best practices in professions to increase diversity, equity, inclusion, and accessibility in innovation and inventorship ecosystems. Mercedes will center her session, A Deeper Look at Neurodiversity, on how neurodiversity affects inventor-ship and what IP attorneys can do to be more conscious and helpful.
