The Corporate IP Roundtable program was designed for IP attorneys working as in-house counsel.

Our roundtables and webinars provide valuable educational and networking opportunities. We have covered a variety of topics, including: open source, writing tips, DEI, patent law, trademarks, copyright, and other relevant legal and intellectual property updates.

Banner Witcoff launched the North Shore Corporate IP Roundtable program in 2017 in the Chicago metropolitan area. Due to its success, the firm expanded the initiative to two additional locations — Chicago's west suburbs and in the District of Columbia, Maryland, and Virginia (DMV) area.

Don't miss out on future events.

Who Attends

Corporate IP Roundtable program events are intended for in-house intellectual property attorneys in industries relating to, but not limited to, computer technologies, healthcare and e-commerce goods.

Earn CLE Credits

CLE applications are to be submitted in Illinois and Virginia for all Corporate IP Roundtable Webinars. Other states and jurisdictions considered on request.
