Now in its third edition, the material has been refined specifically for undergraduate students at Georgetown University Law Center in Washington, D.C. Every aspect of these materials is focused on improving students' proficiency in one event: the trial of a patent case. This material is the perfect casebook for anyone who wishes to impart patent trial basics, or simply wants to improve their skills in this arena.

**Item Details:**

As trials become less common today, the need for teaching and enhancing trial skills increases. These course materials are the result of the authors' fifteen years of teaching an advanced course in trial practice geared specifically to a patent infringement trial. This material had its genesis in a...
