Jason Shull Pens Law360 Expert Analysis on Calculating Damages in Patent Lawsuits

Banner Witcoff attorney Jason Shull analyzed a long-standing issue in calculating damages in patent lawsuits for an Oct. 23 expert analysis published in Law360. The issue is the infringer's sale of a multicomponent product in which the asserted patent only covers on feature of the product.

Subscribers of Law360 can read Jason's expert analysis, "Fed. Circ. Standard On Patent Damages Needs Clarity," by clicking here.
