John P. Iwanicki names Ariosa Diagnostics Inc. v. Sequenom Inc. as a case to watch in 2016 in Law360

Mr. Iwanicki discusses the significance of Ariosa Diagnostics Inc. v. Sequenom Inc. in the Law360 article, “Patent Cases to Watch in 2016.”

In this case, a Federal Circuit panel invalidated a patent on Sequenom’s prenatal DNA test as patent-ineligible because it is directed to a natural phenomenon. The full Federal Circuit decided not to review the case. It is now expected to appealed to the Supreme Court.
