Patenting AI and Machine Learning in the Wake of Recentive

Banner Witcoff's Reilley Keane and Kirk Sigmon take a closer look at a recent U.S. Court of Appeals decision that initially appears to negatively impact patents related to artificial intelligence and machine learning (AI/ML). Published in Law360, the article discusses strategies for drafting and prosecuting AI/ML patents and shares tips and tricks to help practitioners avoid endless rounds of costly prosecution at the U.S. Patent and Trademark Office.
