Rob Katz Joins Strafford Webinar Design Patent Claim Construction: Written Description, Ornamentality, Functionality, and More

Banner Witcoff's Rob Katz will participate in a panel discussion on design patent claim construction during a Strafford CLE webinar scheduled for April 25 from 1 to 2:30 p.m. EDT.

The presentation, "Design Patent Claim Construction: Written Description, Ornamentality, Functionality, and More," will guide counsel in defining design patent claims. The panel will examine critical considerations when defining and drafting design patent claims and discuss how the courts treat claim construction issues for design patents.

The panel will also explore:

- Critical considerations for counsel in drafting design patents
- Steps counsel to patent owners should take to factor out functional aspects during claim construction
- Guidance from recent court decisions for design patent claim construction
